

AYANA K

Data scientist

CONTACT

7034707681

kayanasukumaran@gmail.com

Vadakara, Kerala

TECHNICAL SKILLS

Python (Pandas, Numpy)

Power BI

Tableau

MySQL

Statistics and Probability

Matplotlib

Seaborn

EDUCATION/ WORK EXPERIENCE

Professional Diploma in Data Science [Python]

2022
6 Months

IPCS Global

Done, Exploratory Data Analysis, Data Cleaning, Data curation
Worked on different Machine Learning models (Regression, KNN, Decision Tree, Random Forest) Worked on pandas, NumPy, and other libraries such as matplotlib and sklearn.

BA ECONOMICS – UG

2019 - 2022

Sreenarayana guru college, chelannur

PLUS TWO – commerce (CA)

2017 - 2019

KKMGVHSS , Orkatteri

SSLC

2014 - 2017

Govt.Higher Secondary School Chorode

Projects

Crop yield prediction using machine learning

Developing models that can predict yield to different crops in different countries based on some criteria.

Fake news detection using NLP in deep learning

Predicting the given news are fake or real using deep learning techniques.

Organic farming in Ballussery panchayath

Analysing the farming details in ballussery panchayath like govt. supporting, marketing of products etc.

DECLARATION

I hereby declare that all the information furnished above is true to the best of my belief
